

TOWEL WARMERS

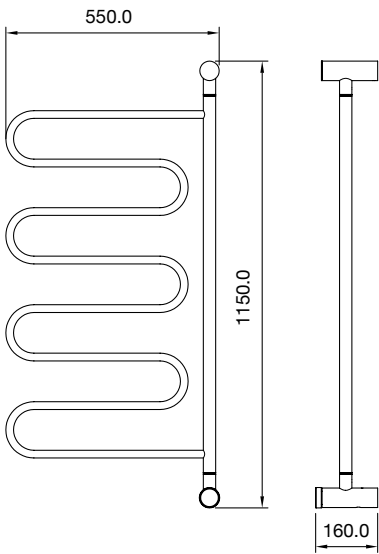

series

Model : 88536

Product : Tower Warmer Heated Round Bars
Fitting Type : Wall-mounted with Plug-In power connection
Switch Type : Numerical Control Display Operation Switch
Temperature : Min 30°C - Max 70°C
Voltage/Power : 110V / 120W, 220V / 100 W
Power cord length : 1.2 meter (Residual Current Device)
Hanged Width : Max 325 mm
Product Dimension : 550 x 1150 x 160 mm
Material : SUS201
Outlet direction : Default on the bottom
Product weight : 4.8kg

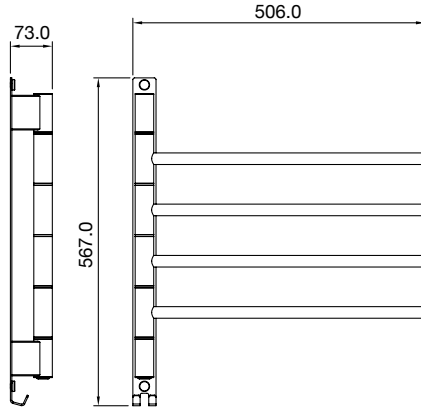

- Coated Matte Black
- Coated Gunmetal
- Coated White

Model : 88516

Product : Tower Warmer Heated Round Bars (Swivel)
Fitting Type : Wall-mounted with Plug-In power connection
Switch : Single control illuminated push button switch
Temperature : Constant Temperature 45°C±5°C
Voltage/Power : AC 110V / 50W, AC 220V / 40W
Power cord length : 1.2 meter (Residual Current Device)
Hanged Width : Max 465 mm
Product Dimension : 506 x 567 x 73 mm
Material : SUS201
Outlet direction : Default on the bottom
Product weight : 2.1kg

- Coated Matte Black
- Coated Gunmetal
- Coated White

TOWEL WARMERS

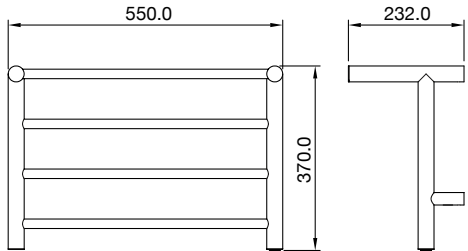

series

Model : 88505

Product : Tower warmer with self, 6 heated round bars
Fitting Type : Wall-mounted with Plug-In power connection
Switch : Single control illuminated push button switch
Temperature : Constant Temperature 45°C±5°C
Voltage/Power : AC 110V / 85W : AC 220V / 75W
Power cord length : 1.2 meter (Residual Current Device)
Hanged Width : Max 486 mm
Product Dimension : 550 x 370 x 232 mm
Material : SUS201
Outlet direction : Default on the right side
Product weight : 2.4 kg

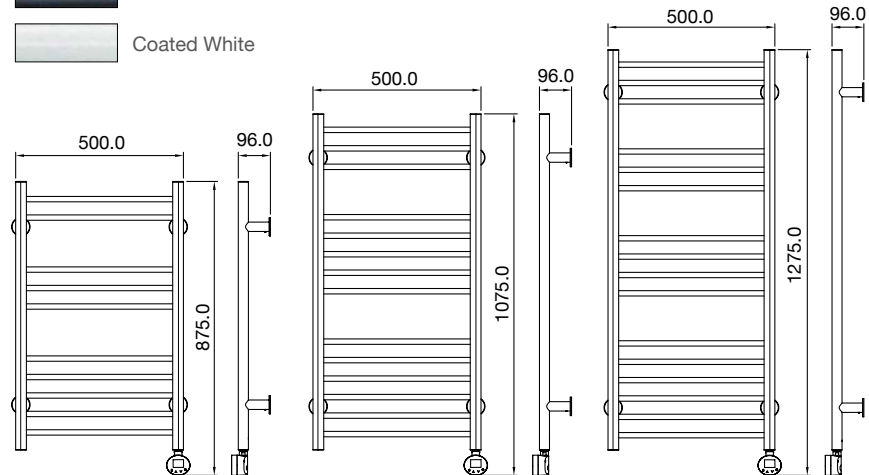

- Coated Matte Black
- Coated Gunmetal
- Coated White

Model : 88531 / 88532 / 88533

Product : Tower Warmer Heated Round Bars (0.8M / 1.0M / 1.2M h.)
Fitting Type : Wall-mounted with Plug-In power connection
Switch Type : Numerical Control Display Operation Switch
Temperature : Min 30°C - Max 70°C
Voltage/Power : AC 110V / 200W/220W/265W :
AC 220V / 180W/220W/240W
Power cord length : 1.2 meter (Residual Current Device)
Hanged Width : Max 435 mm
Product Dimension : 500 x 875/1075/1275 x 96 mm
Material : SUS201 + POM Posts
Outlet direction : Default on the right side
Product weight : 3.3kg / 4.0kg / 4.5kg

- Coated Matte Black
- Coated Gunmetal
- Coated White

TOWEL WARMERS

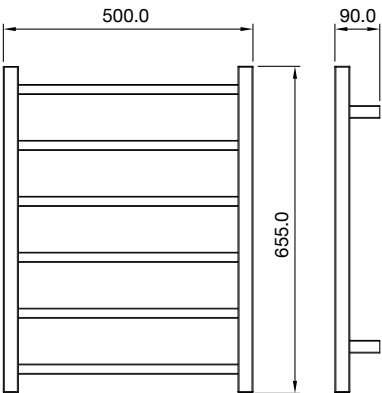

series

Model : 88501

Product : Towel warmer with 6 heated square bars
Fitting Type : Wall-mounted with Plug-In power connection
Switch : Single control illuminated push button switch
Temperature : Constant Temperature 45°C±5°C
Voltage/Power : AC 110V / 85W, 220V / 75W
Power cord length : 1.2 meter (Residual Current Device)
Hanged Width : Max 440 mm
Product dimension : 500 x 655 x 90 mm
Material : SUS201
Outlet direction : Default on the right side
Product weight : 3.2 kg

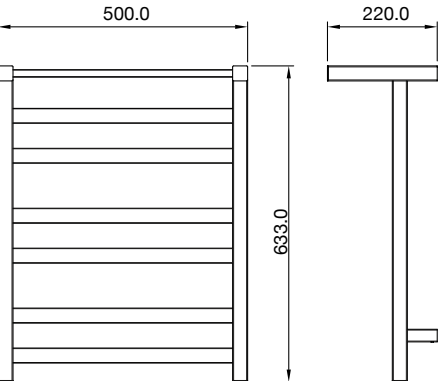

- Coated Matte Black
- Coated Gunmetal
- Coated White

Model : 88502

Product : Towel warmer with self & 6 heated square bars
Fitting Type : Wall-mounted with Plug-In power connection
Switch : Single control illuminated push button switch
Temperature : Constant Temperature 45°C±5°C
Voltage/Power : AC 110V / 85W, 220V / 75W
Power cord length : 1.2 meter (Residual Current Device)
Hanged Width : Max 440 mm
Product dimension : 500 x 633 x 220 mm
Material : SUS201
Outlet direction : Default on the right side
Product weight : 4.2 kg

- Coated Matte Black
- Coated Gunmetal
- Coated White

TOWEL WARMERS

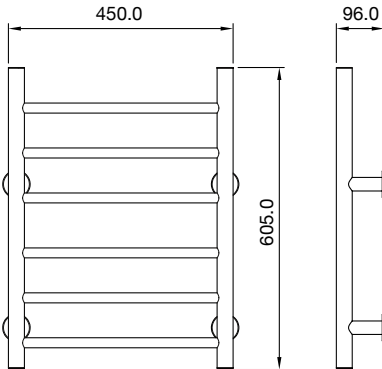

series

Model : 88503

Product : Towel warmer with 6 heated round bars
Fitting Type : Wall-mounted with Plug-In power connection
Switch : Single control illuminated push button switch
Temperature : Constant Temperature 45°C±5°C
Voltage/Power : AC 110V / 85W, 220V / 75W
Power cord length : 1.2 meter (Residual Current Device)
Hanged Width : Max 386 mm
Product Dimension : 450 x 605 x 96 mm
Material : SUS201 + POM Posts
Outlet direction : Default on the right side
Product weight : 2.1 kg

- Coated Matte Black
- Coated Gunmetal
- Coated White

Model : 88504

Product : Towel warmer with 7 heated round bars
Fitting Type : Wall-mounted with Plug-In power connection
Switch : Single control illuminated push button switch
Temperature : Constant Temperature 45°C±5°C
Voltage/Power : AC 110V / 85W, 220V / 75W
Power cord length : 1.2 meter (Residual Current Device)
Hanged Width : Max 386 mm
Product Dimension : 450 x 707 x 96 mm
Material : SUS201 + POM Posts
Outlet direction : Default on the right side
Product weight : 2.2 kg

- Coated Matte Black
- Coated Gunmetal
- Coated White
